

Phil Murphy is the only candidate in this race who will stand up for the reproductive rights of women and families. As extremists everywhere try to roll back women's rights, Murphy will ensure the law of the land in New Jersey protects women's right to health care. As an Trenton Assemblyman, Jack Ciattarelli voted time and again to cut women's health care funding and Planned Parenthood. We can't afford to go back to a time when Trenton politicians made decisions for women and families. We need a Governor who will keep New Jersey moving forward for everyone.

As extremists everywhere try to roll back women's rights, Murphy will ensure the law of the land in New Jersey protects women's right to health care.
